Last Updated Sunday, 27 April 2008

The Wiltshire flag is another recent addition to the family.

Designed by Mike Prior the flag shows a Great Bustard which was extinct but is now the result of a breeding programme on Salisbury plain.

See a BBC article on it here

The flag has it's own site here

The flag does have a lesser known and in my view much better rival.

The white horse design here

This flag also has a site here
